

Actual size is 36 inches by 10 inches

Hey, parents/guardians of 8th graders,

We are not able to have our traditional panoramic picture taken this year, but we have a fun alternative. Please help us make this a success. The image above is a sample of what we will have instead of the usual panoramic picture. It gives us the opportunity to capture all our 8th graders and all the teachers. If your student had a picture taken on picture day, that is the picture we will use. HOWEVER, if your 8th grader did not have a picture taken at school, please submit a picture of your student by completing the google form in the link below. The form response will go straight to Goldbeck Company.

This is totally separate from the yearbook.

Thank you, in advance for being part of the solution.

Go to this google link to find out more and submit your student's picture.

<https://forms.gle/4qtt8DGKcnN3dkkLA>

AND you may purchase a completed print buy going to the Goldbeck website
